Roadmap for HVAC in Egypt

Prof. Sayed Shebl
NTC Chairman (HBRC, Egypt)
Creation & Enforcement of IEC code

Prof. Ezzat Lewis
Head of National Ozone (NOU)
Egypt commitment towards Montreal Protocol & Kigali Amendment

Main Points

Global policies related to Montreal Protocol, consider non-conventional solutions i.e., renewable, not-in-kind and district energy options

Accommodate several changes in designs, operation, standards, and practices to meet the targets

Goals

Phase-out or Phase-down of Controlled Refrigerants

Improve Energy Efficiency

Reduce Greenhouse Gases

Pyramisa, Sharm – Saturday 4th March 3:00 pm
